## SALE MANAGERS COMMENTS

Fellow Shorthorn Breeders:

It is a rare opportunity when Sales Managers have an occasion to work with cattle of the quality that are in the Bob-Lee Herd. Or to work with such knowledgeable people as Mr. R. Lee Johnson and Mr. Bob Flegane. As you know, the name Mill Brook Shorthorns and the Johnson Family have been noted for quality shorthorns for over a half century. And in the past three years, it was decided to add a polled unit, at which time Mr. Lee Johnson contacted Mr. Bob Flegane. These two men have enjoyed a friendship since their boyhood days. It was decided to form Bob-Lee, Inc. Due to the vast experience Mr. Lee Johnson has had in the cattle business, he knew they wanted the very best cattle available and he wanted cattle that would continue to produce the very best available. So, three of the nation's leading herds were purchased to put this Polled unit at Bob-Lee, Inc. They were, of course, the famed Thomas Herd from Canada; the major portion of Questings Hills Farm, Chandlerlerville, Illinois; and the entire cow herd from Kinnaber Stock Farm...these three sets of cattle, coupled with the Mill Brook Shorthorns, make one of the nation's largest and most genetically sound herds of shorthorns and polled shorthorns which exists today. These cattle represent the sires and dams of most of the leading herd bulls and females that have been produced in the last decade.

It was a great pleasure for us to select the cattle for this Bob-Lee Sale on September 25th. Lee's comments were, "We want the first Production Sale to represent the best we have!" The quality in the 80 head we have selected for the sale is the highest we have ever seen put together in a production sale. These cattle were selected from nearly 500 head of cattle and we feel this set of cattle will work nationwide improvement for Shorthorns and Polled Shorthorns when they are distributed throughout the Shorthorn and Polled Shorthorn industry.

### **BUM STEER**

There is no such thing as a bum steer. And we really mean that. The dependable SHORTHORN INFLUENCE makes it so . . . profitably erasing a host of unappreciable characteristics from the very first generation, then succeeding to work monetary miracles on each thereafter. RUGGED, BEEFY, PERSISTENT SHORTHORN AND POLLED SHORTHORN BULLS . . . on ordinary or best range cows, no matter their breed . . . assure high-percentage calf crops. As reds, whites, roans, you will find the SHORTHORN INFLUENCE means more "folding money" at market time. At weaning they are heavier . . . finished cattle get there faster. Don't you be swayed by hearsay . . . ask for facts about SHORTHORNS before nodding "Yes" to your cattle needs.

# The Beef Shorthorn Cattle Society

Telephone: Perth 23471

17, York Place,  
Perth.

Dear Member,

March, 1972.

I draw your attention to forthcoming events and other matters some of which are of importance and are marked accordingly.

## ROYAL SHOW, KENILWORTH, 1972.

Your Directors have agreed that incentives of £12 per Bull and £6 per Female be paid by the Society to Exhibitors showing animals at this Show. You will all no doubt know that this is the 150th year of Coates's Herd Book and celebrations in various forms are taking place. The best celebration, however, is surely strong entries of first class cattle and Members are reminded that entries close on Thursday, 27th April, 1972.

## SUB-COMMITTEE OF ENGLISH BREEDERS.

At the Directors Meeting held on 13th February, 1972, Mr. Gerald Turton suggested that a small Committee of English Breeders be formed to look after their interests and keeping in close touch with the Secretary. A Meeting has now been arranged for 2.30 p.m. on Monday, 3rd July within the Baroque of the Shorthorn Society at the Royal Show, Kenilworth. It is hoped that as many as possible of our breeders south of the border will attend.

## SHOWING AT NATIONAL FATSTOCK SHOWS.

At a recent Director's Meeting, concern was expressed at the low live weight gain of some of the exhibits at the National Fatstock Shows. It is felt that the statistics arising from these exhibitions give rise to adverse criticism which tends to nullify the efforts of propaganda.

Bearing in mind the true role of the Breed as a crossing bull in the Beef Industry, the Directors have under consideration the possibility of requesting Fatstock Clubs to withdraw classifications for Pure Bred Beef Shorthorns and shift the emphasis on to animals either by Beef Shorthorn Bulls or out of Beef Shorthorn Cows.

Meantime the Directors strongly recommend to intending Exhibitors that animals which are likely to fall much below the average live weight gain for comparative British Breeds in the various sections should not be exhibited, and the figures below indicate the recommended acceptable minimum gain per day.

### Steers.

Not exceeding 15 months	2.00 lbs.
Above 15 months and not exceeding 21 months	1.8 lbs.
Above 21 months and not exceeding 27 months	1.6 lbs.

### Heifers.

Not exceeding 15 months	1.8 lbs.
Above 15 months and not exceeding 24 months	1.6 lbs.

## OCTOBER SHOW AND SALE, 1972.

The October Show and Sale will be held at Perth on Wednesday, 25th October, 1972. Entries close on 18th September, 1972, and in order that catalogues can be printed early intending Exhibitors are requested to put forward their entries by that date.

BELF SHORTHORN RECORD.

While it is still too early to start processing this year's Record I would like to remind Members that articles, news about their herds and herdsman, are acceptable at any time. If any Member reads an article that he or she thinks will be of interest to Members and worth reprinting do please advise this office.

SALE PRICES FOR FEBRUARY SHOW AND SALE, 1972.

Sale prices for the February Show and Sale, 1972, are enclosed herewith for the information of Members.

ROYAL HIGHLAND SHOW, INGLISTON.

The Royal Highland Show will be held from 20th to 23rd June, 1972.  
|| Entries close on 8th April, 1972 so time is short if you have not already entered.

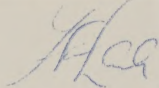

The Caterers at our Permanent Stand have been asked to provide a better snack service at the bar, and it is hoped that Members who do not wish to use the dining room will support the snack bar.

INSURANCE.

I enclose a circular from the Scottish Union and National Insurance Co. Arrangements have been made with them that the 10% commission which normally goes to the Agent will go to the Insurer, in effect making anyone who gives their Insurance to this Company their own Agent, by mentioning that you are a Member of this Society.

It may be that Members would not wish to change any existing policies but if you wish new insurance cover remember you will obtain a 10% discount.

Yours faithfully,

  
Secretary.
